## August 2020

### **GG FALL LEAGUE SUSPENDED**

The GG Board made the painfully hard decision to suspend league play for the Fall season. Many, many factors were taken into consideration including the poll of our league players about their availability for the Fall. The poll had an amazing 83% response rate (thanks to all who responded) with 37% in favor and 46% not in favor of having a Fall league. Peg Moyer will continue to hold the clinics and pick up games ala the July and August sessions during September and October. If you are comfortable participating in these activities using the GG Guidelines, come on out on Wednesdays at 6 and Saturdays at 9 - Southside Park.

The big question now is what happens to the registration, breakfast tickets, etc. fees that you paid in 2020. You have 3 choices:

- Leave your 2020 payments in your "account" and the amount will appear as a "credit" on your 2021 registration form. This is the default action.
- Donate the money you paid to CHO (Committee for Helping Others) which is a charity that GGs supports as a way of saying "Thanks!" to the town of Vienna for letting us use the fields at no cost. CHO lends a helping hand to those in the Vienna area that are facing difficulties by donating food, shelter, and services by lending a helping hand. We normally have a couple of collections for CHO during the year, but this year threw us a curve ball. Any GG who would like to donate any part or all of their 2020 registration fees can do so by contacting Marilyn Mallery [mamallery@comcast.net](mailto:mamallery@comcast.net). A joint check from the Golden Girls will be sent to CHO in mid-September. Please respond by September 1 if that is your preference.
- Get a refund in full for your 2020 payments. Contact Marilyn Mallery [mamallery@comcast.net](mailto:mamallery@comcast.net) if that is your preference.

Another question arose at last week's Board meeting about officers and their terms. According to the Rules and Regulations submitted with our 501.c.3 license, we have to hold elections each year for officers and there are term limits. Since no league play occurred in 2020 and activity was greatly diminished, should it count as a year of tenure? There will be an email coming out shortly explaining all this in detail and what actions are proposed. After you have had a few days to think about the proposals and voice any comments, another email will be sent asking you to vote on the action you favor. Keep an eye on your emails for these every important notes and please vote on your preference.

## Needing Hugs

All GGs should give yourself a hug to making it so far in the pandemic. Also pray for those who have been impacted by this terrible scourge.

Charly Neill-Roe reports from Kent Island that she has finished 8 of 21 her cancer treatments. Tired all the time, probably the back and forth over the bridge every day, treatment take 4 minutes, trip over the bridge 30-45 minutes each way. Nothing new, just driving, driving, driving. Sleeping, sleeping, eating, eating. I do ride my bike when it is not too hot.
